It has been HOT, HOT, HOT, so the planned excursion to COLD COW was enthusiastically attended by many ACAC members. Special cars displayed included the "new" '50 Oldsmobile Convertible, shiny and special by Jim and Rita Arpaia, (see article on page 12) Dave Burrows—1967 MGB Convertible, Doug Nietzel—1984 Eldorado Biarritz Cadillac, Quackenbush - 1948 Buick Convertible, Jim and Tuni Weiss—1929 Willys Knight Roadster Convertible, Jennifer and Gary Steinberger -1970 Camaro Z28, Dewey Porter--1930 Ford Model A , Ron Leone--BMW, Hope and Ray Emery—'67 Cutlass Oldsmobile Convertible—That's nine cars, 7 convertibles. What a lovely evening to enjoy cars, ice cream, and nice people—Audrey & Stan, Dick & Donna, Joe & Ann, --

Tony Evangelista—all came sans cars but enjoyed the ice cream and fun anyway. If you missed this outing, here are photos of the beautiful cars:

# What's a Marmon?

*(It's not a person riding a bike wearing a white shirt and a black tie.) Bob Elkins poses in front of his recently acquired Marmon Car: Here are the particulars!*

## 1928 Marmon Model 68 Straight 8, 72 HP, 70 MPH, Touring Car Owned by Bob and Roberta Elkins

Little Known Fact: The Marmon Wasp was the first car ever to win the Indy 500 in 1911.

The Marmon Company, Indianapolis, Indiana, produced many models from 1903 to 1933 before it went out of business along with a slew of other manufacturers after post depression financial woes. The company's most famous model is powered by an all-aluminum 200 horsepower V-16 engine.

Marmon produced about 110,000 cars. In the early 1920s, it was the fastest production car made in the United States, making it a very popular ride if you wanted to move contraband liquor. (For those club members who are interested in contraband liquor, it should be noted that it is no longer the

fastest car in the United States, so if you want to smuggle liquor today, I would suggest something else or go to the ABC store.)

The original car cost \$1395. I paid somewhat more.

The car included, a dvd player, gps, On-Star, a 454 cubic inch engine, four-wheel power disc brakes, power steering, and a choice of colors.

(I just put that paragraph in to see if you were paying attention)

This particular car was purchased from Sidney Hobbs about a year ago. Sidney said he cried when he signed over the title. (I personally did not see any tears, however.) Other than sprucing up a little bit, the only major job was the brakes, which are mechanical, and needed a complete overhaul, which thanks to Jim Weiss came out perfect.

Other minor improvements included additional wiring, installing a cut off switch, tuning, speedometer overhaul and switching from a 6-volt generator to an alternator. After switching to 50-weight oil, and STP, the car leaked a lot less.

We drive the car often, at least twice a week, and of course get a lot of thumbs up from the spectators, which are usually answered with a blast from the a-oo-ga horn.

Ready for some  
fun—July 16,  
2016

Soman's Corvette—always a winner!

Double Nickels Chevy—super nice.

***Smoothy—Fresh*** is why we can have  
this cruise in—Thanks!

Recently acquired '86 Chrysler LeBaron Convertible  
is one of only a few manufactured. Recently acquired  
by Bob Quackenbush, has only 50,000 miles; looks  
new!

Patriotism runs high— 1976 Beauty!

These are the ladies that make this show work, selling the 50/50's, handling the door prizes and keeping the music rolling. Although this time it took a little more work to get the music going. See below.

Rare Beauty.

Ron Leone's always ready for a picnic!

Good News!

Fresh Restoration—Sidney Hobbs's '57 Chevrolet Convertible—so luscious it could be an ice cream flavor at Cold Cow. When this car floated into the cruise, all eyes followed with wonder and admiration. All of the cars there that night were beautiful, but this one was delicious!

Hot or not, everyone left the cruise-in feeling good!

Fireworks at Sherrod's 7-4

and dessert also! The regular meeting of Ancient City Auto Club was held on July 4<sup>th</sup> at the home of Donna and Dick Sherrod, President. Many members drove out to the river to enjoy a patriotic celebration of the founding of our beautiful nation. There was plentiful food, drink, and desserts as you can see along with of all things, a magician!

Jackie and Frank Phillips, founding members of ACAC joined us. That is always fun.

It was the first event that drivers of old cars could earn “blue tickets” to win a prize at the Christmas Party. (By the way, the Christmas Party will be held the second Saturday of December due to a scheduling problem with the restaurant. That is December 10<sup>th</sup>—Mark your calendar!) This '56 Chevrolet Convertible owned by the Ewings shines in any light, but especially here.

Bobby & Sara Guice brought this Corvette—the car looks happy.

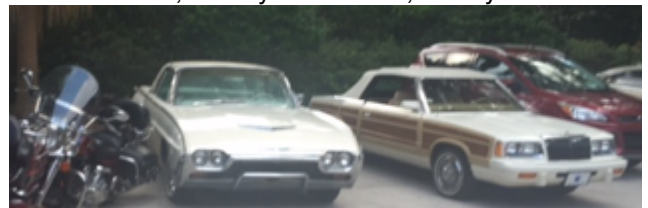

Bob and Kathy Johnson’s Trans-Am is raring to go.

Doug Nietzel’s Cadillac is always grand.

Leone’s BMW, Dewey’s '66 Buick, Emery’s '50 Ford

Sherrod’s T-Bird, Quackenbush’s Chrysler

Max and Jan Miller make an entrance.

Ron Leone – connoisseur of fine food.

Tony & Danny from their "Wanted" Poster

Happy people.—Ella Wesley, Joe & Ann Greeves.

Doug Nietzel & Jennifer Steinberger enjoying laughter. Tony & Bob—below.

More happy faces.

Hope & Ray Emery, Dewey Porter, and Rob and Brenda Daly snack before the real food came to the table.

Bob Q., Rita Arpaia, Frank Phillips, Donna & Dick with Jackie Phillips talk about old times.

Magic filled the air and the time between supper and sufficient darkness for the fireworks. Paul DiLella kept us in suspenders for nearly an hour of nonstop

magic tricks. Everyone was completely amazed and amused.

And then we were treated to a professional fireworks display as well. Next month's meeting is August 4<sup>th</sup> at Caddy Shack, 6 p.m. for dinner and 7 p.m. for the meeting. Bring your old car for a chance to win a prize at the Christmas Party, December 8<sup>th</sup> at Amici's.

Here is the accounting for the blue tickets:

### **New Car In Town**

Not long after we heard rumblings that Jim Arpaia was searching on the internet for another dream car, the rumblings turned into action, and the mystical grapevine that ties ACAC together began to hum with the news that a new car was on its way from Idaho to St. Augustine.

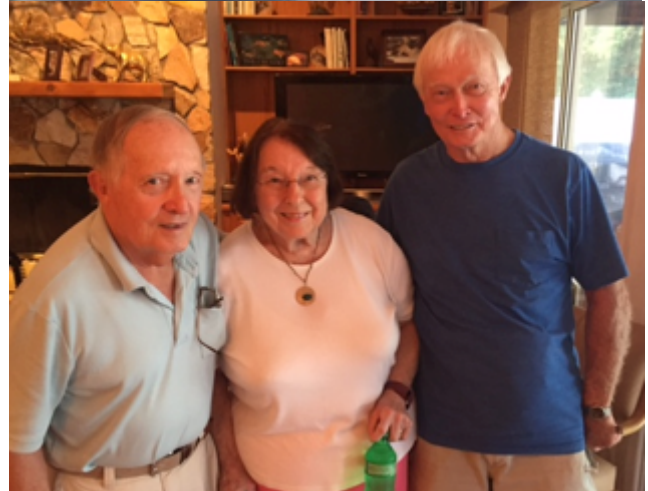

This beautiful 1950 Oldsmobile Convertible is only a couple of inches shorter than its garage-mate, the '56 Lincoln we've all been admiring, but it brings back many memories to Jim from his younger days, so smiles are definitely in order. In fact, the Arpaia's hosted a wonderful party so we could all celebrate this new acquisition.

The Lincoln, banished to the outdoors waits for the celebration to conclude.

Other cars joined the celebration.

Another beautiful car—Many happy s mile s ...

Subject: Devin Bellini thank you letter

Dear Ancient City Auto Club  
Im writing you this letter to express my gratitude for the scholarship you have awarded me. I am very grateful that you have selected me for this award. This scholarship is a huge motivator for me towards my schooling. I have been working very hard and plan on getting as many certifications that i can. I strive to be at the top of my class and will give it my all to accomplish it. So thank you for helping me in my path to success and thank you again

Dear Bill,

You are such an important friend of career and technical training in our communities and value your commitment to education. Your support of the students and programs at **First Coast Technical College (FCTC)** and the **FCTC Education Foundation** is deeply appreciated

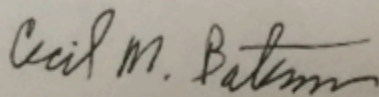

You most likely are aware that **FCTC** transferred its charter to the **St. Johns County School District (SJCS)** on July 1, 2016. The **SJCS** will continue the operation of the school as a technical center with a focus on career education. We have also been assured that **FCTC** will continue to remain focused on our students and sustainable educational programs. Our educational strategy is simple: we help students **connect** with real skills, **experience** meaningful learning and ultimately **achieve** success in the workforce to make our communities economically strong.

On behalf of the **FCTC Education Foundation Board of Directors**, we would like to bring attention to a few important points:

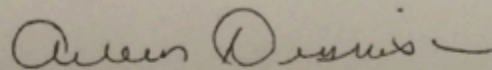

- **FCTC Education Foundation, Inc.** is a standalone 501(c)3 nonprofit organization with its own board of directors, bank account, bylaws and mission which is to provide resources to **FCTC's** students in their pursuit of excellence.
- Funds that you have contributed, whether through your business, organization or personal accounts, are not the funds in question.
- All donations including those for Scholarships, **Fresh Starts**, or other means to assist students are intact.
- Appropriate checks and balances are in place and are reviewed regularly by the Board Treasurer to safeguard all contributions to the **FCTC Education Foundation**.

We hope this letter will open conversations that will ultimately make us stronger. Your thoughts are important to us. Please do not hesitate to reach out if you have questions by calling; Arleen at 904.547.3386 or Cecil at 904.495.5149. Thank you again for your support.

Sincerely,

Chair, FCTC Education Foundation

Dear Bill,

Special thanks to **Ancient City Auto Club** for your contribution to **FCTC Education Foundation**. Your generosity and support means the world to us in our pursuit to provide career, technical and education to meet the changing needs of students, businesses and the workforce.

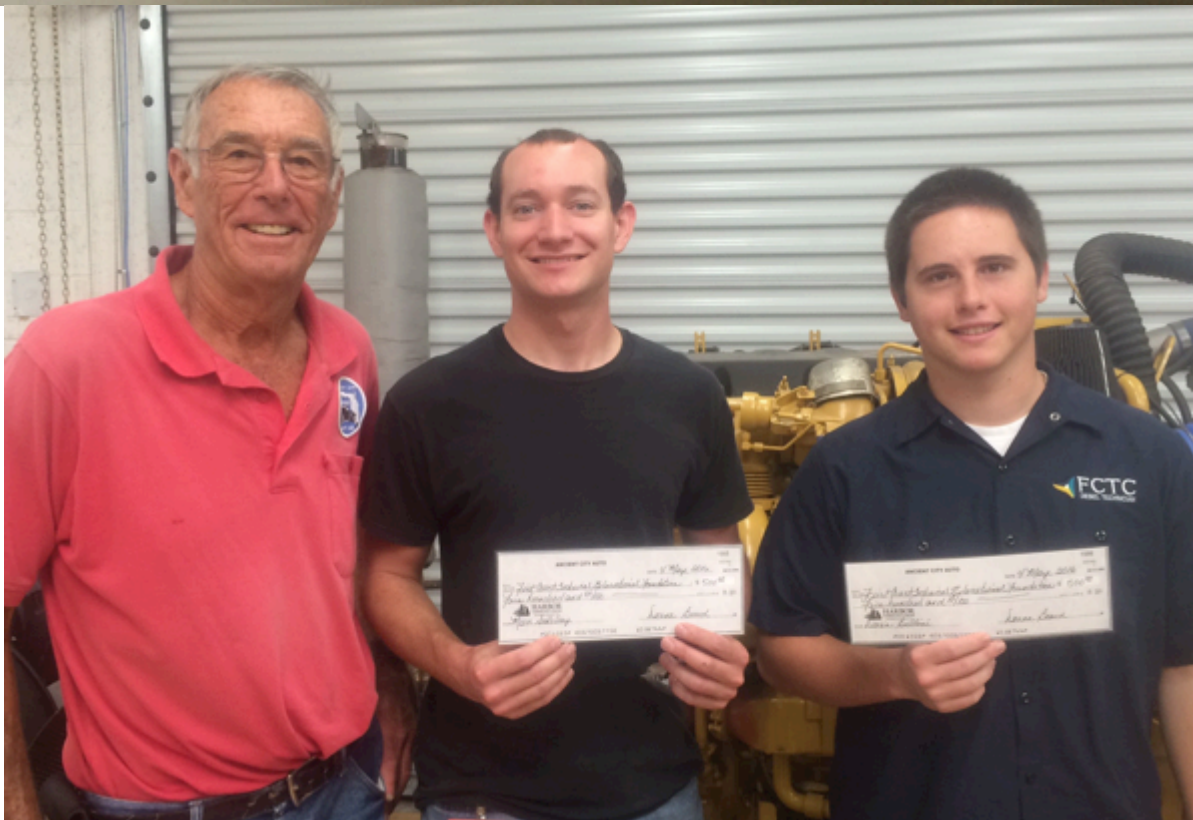

Your **\$1,000.00** donation not only brings hope, but also assists in their pursuit of workforce training to those seeking a career. It assures students are prepared for completion and that they receive skills that will benefit our community's economic interests. We look forward to Marc and Devin preparing for their future in the automotive field.

We truly appreciate your commitment and the support you have provided to the students at **First Coast Technical College** and our community.

Sincerely,

Arleen Dennison
